

Scrubbies Gift Box Template

If you've crocheted a set of Corinne Bradd's stylish face scrubbies, featured in Make It Today: Crochet Club issue 41, why not take it a step further by creating some made-to-measure packaging? This open gift box design is so easy to make from card with our template and can be personalised with paper embellishments, ribbon or twine wraps.

Essential Kit

Thin card

Scoring tool

Adhesive

Embellishments

Gift Box

Print out the template on the next page of this document, transfer onto thin patterned card and cut out. Score along the dotted lines, then fold the side flaps around to the back, gluing one on top of the other. When dry, gently squeeze the sides inwards to open up the bottom then push in the curved flaps to close up. Decorate as you like, then fold up a scrubby and push one end inside.
